Autumn List 2020

Here is our list of some interesting plants available on the nursery this autumn. Many of the plants listed in the spring are still available as well, often in larger sizes than usual! We are all going to miss the alpine shows this autumn and obviously we will not be able to supply plants in this manner this year. In the meantime, plants remain available on site and we will be extending our opening hours this autumn to the **31st October (Tues – Sat, 10am – 4pm)**. If you are planning a visit and would like particular things please give us a couple of days notice if possible so we can collect things together for when you arrive.

The nursery closes for the winter on 31st Oct 2020 and will reopen on the 2nd March 2021.
